www.metrocrestcommunityclinic.org

A 501(c)(3) charitable medical clinic providing low cost medical care for the uninsured or underinsured. Patients are seen by appointment only. Appointments are available for day, evening and weekend visits. Please call 972-484-8444 for an appointment and more information.

Keep Your Yard Trimmings Recycling "Trash Free"!

With your help and participation in Yard Trimming Recycling, the City of Coppel is a leader in diverting, recycling and reusing yard trimmings. Currently, 20% of the residents set out yard trimmings recycling to divert 3,154,000 pounds per year from the landfill.

Residential yard trimmings are collected the same day as your single stream recycling and taken to Living Earth Technology compost facility. Yard trimmings are compostable green material such as leaves, grass, bedding and garden plants, tree and hedge clippings. They may be placed loose in a clean trash can (no lid) or in Kraft paper yard bags set out on your recycling day. ABSOLUTELY NO TRASH is allowed with yard trimmings. Hidden trash or Household Hazardous Waste is unacceptable and will contaminate the entire truck, causing it to be rejected by the compost facility and redirected to the landfill. The goal of yard trimmings recycling is to keep the green material out of the landfill and give it new life as soil amendments or mulch. It takes everyone to do their part in keeping their yard trimmings trash free!

Recycling collection is every Wednesday. Visit coppelltx.gov for more information.

William T. Cozby Public Library Renovation Begins in August

The library is expanding its facility to better meet the community's needs by providing a business center, additional study spaces, and a drive through book drop. Construction is expected to begin this fall. After Summer Reading Club finishes at the end of July, the library will close so we can pack everything up to move into the temporary location at 500 Southwestern Blvd. As the end of July nears, more specific details will become available about when the library will close and for how long.

Keep updated on all new developments by checking:

LIBRARY RENOVATIONS

Library renovations will begin after the conclusion of the summer reading program at the end of July. The Library's current location will close, and move operations to 500 Southwestern Blvd. Keep track of all of the renovation related news by checking the Library's Twitter and Facebook pages, as well as coppelltx.gov.

Living with Wildlife in Coppell

Most Coppell residents are accustomed to the abundant wildlife that peacefully lives in the area. It is important to remember that wild animals such as raccoons, opossums, coyotes, bobcats, snakes and other wildlife are natural inhabitants of Coppell and living in harmony with these animals is an important aspect of the natural eco-system.

Seeing a wild animal is generally not a reason to be alarmed, however routine precaution is always recommended. Wild animal sightings in urban and residential neighborhoods are not uncommon. Raccoons, opossums, coyotes, bobcats and snakes call this area home, as do you. Generally, they are only trying to survive in an ever-changing environment.

Never approach any animal, this includes wild species. If you see any animal behaving strangely, or have questions or concerns about wildlife, please contact Animal Services at 972-304-3515. For after-hour emergencies, please call the City of Coppell Police Department at 911.
